### DEAF SCHOOL DEFEATS

ADA NORMAL

In one of the best played games ever played on, the Sulphur diamond the school for the deaf avenged itself Saturday for Friday's defeat by putting one over the Ada normal by a score of 2 to 1. It was one of those fighting games from start to finish.

Pat Jones, pitcher for the normalites, pitched league ball, until that fatal seventh inning. Until that time the crowd was wondering if it was to be a no-hit-no-run game for Ada.

Dawkins, the pitcher for the dummies, was invincible through out the game, allowing only one hit in the entire nine innings. Claude McMillan getting this in in the second. Ada's only score came in this frame when Robison crossed the plate. From that time there was no show against the masterly pitching of Dawkins.

Ralph McMillan, the shortstop for the normal, had much better luck than in the first game. Out of four times up he swatted the ball every time, reaching second once on a fumble.

The game was errorless from the normal side. Sulphur made three but they were in separate innings.

### HOUSE OCCUPIED BY A. L. MILES BURNED

Sunday afternoon about 3 o'clock, the house on West 13th street occupied by A. L. Miles was burned with all its contents. Just how the fire started is a mystery. Mr. Miles was out of town and no fire had been in the stove since 7 o'clock in the morning. Mrs. Miles was in another room and the first intimation she had that the house was on fire was from her small child, who came in and tried to tell her that something was wrong. By that time the fire had made such headway that she barely had time to get the children out.

The fire company responded promptly, but it was found that the 1,000 feet of hose, which is all that can be carried on the wagon, was insufficient to reach the house and another run for more hose had to be made.

The house was the property of John Kennedy of Fitzhugh. Mr. Miles and family had moved into it only a few days prior to the fire.

### TRADES DAY A SUCCESS

Trades Day dawned this morning with weather somewhat threatening. In spite of this handicap, however, a fair sized crowd was in town and considerable interest was shown in the various events for which premiums had been offered. The president and secretary of the commercial club were kept busy hustling all day

looking after the details of the work. At this season of the year there is not a great deal to exhibit, but the interest was highly gratifying and for a beginning the occasion was a pronounced success. An attractive feature of the day was the music by the Normal band. At 1 o'clock Prof. Jas. A. Wilson of the A & M College delivered a most instructive lecture at the city hall on the subject of live stock. At 3:30 the ball game between the Normal and Elks was pulled off on the normal diamond. The following awards were made: \$5.00—To farmer presenting to Secretary the best letter on diversified crops for Pontotoc County. ## The News Nine Years Old

With this issue the Evening News enters its tenth year. It was established when the town was in its infancy and although dozens of other dailies established about that time and since gave up the fight after a more or less troubled existence on a sea full of financial shoals, the News has never halted in its course. Day after day it has carried its message into an ever increasing number of Ada homes, and the management has always endeavored to make the paper the best possible to get out with the limited resources at its command. Although it has not by any means reached the proportions of a metropolitan daily, it hopes to arrive at that stage by the time the town does, and as in the past it will always be found keeping step with the progress of Ada. The present editor has but one ambition in life—to make a success of the paper. Although we have never reached the point where we are fully satisfied with the results of our efforts, we have ample confidence in the growth of our city and the destiny of the

News, which will continue to grow better with the passing of time. We are indeed grateful to our patrons and friends for their loyal support in times past, for this has been the determining factor in the history of the News.

## Tegeler Case Reversed

Oklahoma City, Ok., April 7.—Rudolph Tegeler of Oklahoma City, three times tried for the murder of James R. Meadows, a lineman for the Pioneer Telephone and Telegraph Company, and twice sentenced to serve a life term in the penitentiary, was given a new trial by the Criminal Court of Appeals in an opinion by Judge Henry M. Furman, reversing Tegeler's last conviction. Tegeler has been in the State penitentiary pending decision of his appeal.

At one trial the jury disagreed. The last conviction turned on the qualifications of a juror, J. B. Johns, who also acted as foreman. On examination Johns confessed he had an opinion in the case, whereupon defendant's counsel challenged him for cause. Later, when interrogated by the Court, the juror was deemed to be qualified and allowed to sit. The appeal court held that where a juror testifies that he has a fixed opinion which it will take strong evidence to remove that he was then upon one side of the case and such juror was clearly disqualified. The mere fact that a juror may be of the opinion that he can try the case fairly and impartially by the testimony heard in court and instructions of the Judge does not qualify such juror. The doctrine of harmless error, the court holds, has no application to a case in which the defendant has been deprived of a substantial right. The trial Judge in the last case was G. A. Brown of Mangum, sitting here as special Judge.

Another opinion by Judge Furman sustains the lower court in the case of B. H. Updike of Oklahoma City, given life in the penitentiary for the murder of P. D. Anderson Jan. 15, 1911.

## HOW TO RESIST

Chronic Coughs and Colds

Strong vigorous men and women hardly ever catch cold; its only when the system is run down and vitality low that colds and coughs get a foothold.

Now isn't it reasonable that the right way to cure a cough is to build up your run down condition again?

Mrs. Oliva Parham of East Durham, N. C., says: "I took Vinol for a chronic cough which had lasted two years and the cough not only disappeared but it built-up my strength as well."

The reason Vinol is so efficacious in such cases is because it contains in a delicious concentrated form of all the medical curative elements of cod liver oil, with tonic, blood building iron added.

Chronic coughs and colds yield to Vinol because it builds up the weakened, run-down system.

You can get your money back any time, if Vinol does not do all we say. G.W. & Mays Drug Company, Ada, Oklahoma.

## FADS AND FASHIONS

New York, April 5.—The prevailing style of afternoon gown, with its infinite variety of materials and combinations enables designers to give full sway to their taste and ingenuity. Charmeuse and serge, charmeuse brocade and chiffon, taffeta, crepe and embroidered chiffon are combined on the same gown. The tight fitting lower skirt may be of shepherd's plaid serge with a draped top of black charmeuse, or a crepe foundation may have an overdrape of printed silk, and sleeves of chiffon or charmeuse in an entirely different color.

Promet taffeta, a soft, changeable silk printed in tiny flowers, has superseded the foulard, which has been the popular spring material for many seasons past. The printed and embroidered chiffons are excellent choice. The designs are large and the colorings bright. Cabbage roses are outlined in black, and are seen on tan or old blue marquisette, chiffon and silk crepe. Crepe de Chine and crepons are printed, and many of them show a rough finish. Callot has introduced a plaid chiffon in pastel tones. An iridescent moire taffeta plays a conspicuous part in the materials for the afternoon models.

Bodices are transparent, in many instances all white. Blouse and bolero are both good style and their effect is youthful. Frequently waist and sleeve are one. The kimono sleeve and dropped shoulder seam is still much used, also the bishop sleeve shirred in tightly at the wrist with frills of lace or tulle at the hand.

Balkan buttons are a novelty. They are large and jeweled to match the costume. Collars resembling the Elizabethan ruff are new. They are high at the back and roll into revers in the front. All of the afternoon or

## The Easy Laxative

In justice to yourself you should try Rexall Orderlies,—your money back if you don't like them. They are a candy confection that really do give easy relief from constipation.

Good health is largely dependent upon the bowels. When they become sluggish the waste material that is thrown off by the system accumulates. This condition generates poisons which circulate throughout the body, tending to create coated tongue, bad breath, headache, dull brain action, nervousness, biliousness and other annoyances.

Avoid harsh cathartics and physics. They give but temporary relief. They often aggravate the trouble. They are particularly bad for children, delicate or aged persons.

## Rexall Orderlies

Come in tablet form; taste just like candy and are noted for their easy, soothing action upon the bowels. They don't purge, grip, cause nausea, looseness, nor the inconveniences attendant upon the use of purgatives. Their action is so pleasant that the taking of Rexall Orderlies almost becomes a desire instead of a duty.

Children like Rexall Orderlies. They are ideal for aged or delicate

persons as well as for the most robust. They act toward relieving constipation, and also to overcome its cause and to make unnecessary the frequent use of laxatives. They serve to tone and strengthen the nerves and muscles of the bowels and associated organs and glands.

## Make Us Prove It

We guarantee to refund every penny paid for Rexall Orderlies if they do not give entire satisfaction. We ask no promises and we in no way obligate you. Your word is sufficient for us to promptly and cheerfully refund the money.

Doesn't that prove that Rexall Orderlies must be right? You must know we would not dare make such a promise unless we were positively certain that Rexall Orderlies will do all we claim for them. There is no money risk attached to a trial of Rexall Orderlies, and in justice to yourself, you should not hesitate to test them.

Rexall Orderlies come in convenient vest-pocket size tin boxes; 12 tablets, 10c; 36 tablets, 25c; 90 tablets, 50c.

CAUTION: Please bear in mind that Rexall Remedies are not sold by all druggists. You can buy Rexall Orderlies only at The Rexall Stores. You can buy Rexall Orderlies in this community only at our store:

demand. Sometimes a touch of black or very dark green appears as a contrasting note to give character to a gown of color.

Laces of soft texture, also those of gold and silver thread, nets, beaded, embroidered and biged, artificial flowers, festoons of French ribbon and chiffon rosebuds, crystal banding and velvet ribbons are the accepted materials for trimming.

Drapery is a feature of all gowns

printed in blue, red and white. Rich red and a light and vivid shade of green form the foundation colors for other scarfs, which are bordered with contrasting bright designs.

Sashes in red, green, black, white and yellow, combined in stripes, are made of wide silk ribbon with a central wide stripe of velvet. These sashes are finished with black silk tassels four or five inches long. They would supply character and style to white frocks of crepe or satin.

A popular use for the rich Bulgarian silks and ribbons, which are so plentiful this spring, is in trimming hats. Many dark straws have silk-covered crowns. Shirred facins of silk or ribbon are also used. Flat, wide bows of figured silk trim wide shade hats and pert, upright wired bows are used on small hats. Ribbon streamers are used on a few big hats.

The oddest and most striking of the artificial flowers used on spring hats show a rim about the edge of each petal and a center of strongly contrasting color. The colors of these flowers, most of them roses, were never seen in flowers which grew on bushes. There are vivid green roses with salmon rim and center, lilac roses with lemon edge and rich blue roses which show crimson center and rims.

Flowers are used for hat crowns. A hat of wine red straw, small, close fitting and well shaped, with curled brim, faced with velvet of a deeper shade, was crowned with wine red silk poppies. The flowers were also used to cover an upright wire ornament.

Ostrich feathers made into fancy shapes have taken the place of aigrettes on the new spring millinery.

Sulphur yellow is a very popular new shade for one who prefers a less somber coloring, the raisin shade may be preferable.

The long pointed slippers of the Parisiennes are expected to be extremely fashionable this spring.

## DEATH OF PAUL COKER

Paul Coker, age 14, died this morning at 3:10, his death occurring at Mr. and Mrs. G. W. Coker, his grandparents with whom he made his home. The body was taken to Zinc, Arkansas, for burial. Death was due to measles, he having suffered a relapse three or four days prior to his death.

Deceased was a pupil in Willard school and this morning a touching tribute was paid to his memory by teachers and schoolmates who marched in a body to the station when the remains were started on their last journey.

theatre gowns have a semi-decollete neck, round or V-shaped. Few trains are shown in this informal frock. Almost without exception these models are slashed and an illusion petticoat may be worn.

Sashes are an interesting feature. They are applied in every manner, draped on the waist line or about the hips. They hang from the shoulder, cross in the back and fall in a knot over the left hip. The treatment of the sash ranges from the severest bands to the softest folds, and it may be a mere piping encircling the waist, or it may extend to the arm pits.

Evening gowns this spring, though lighter in tone and less barbaric in character than formerly, are just as elaborate as ever. The simple little gown is no more, except for the dance frock. Colors are varied in one fabric and several fabrics, differing in color and design and combined in one garment; lace of every conceivable kind and material is used as trimming. Brocade is still in high favor, all the well-known materials and new ones being made in brocade designs. Charmeuse, meteor, crepe de Chine, Canton crepe, moire, flowered chiffon, satin and plain chiffon are the materials most used.

Colors are varied and rather bold. Apricot, geranium, American Beauty and paprika are taking the place of the deeper reds. There are many of the metallic hues, like absinthe, which is at present very smart; sulphur, beige, brass, gold and an unattractive shade of mustard color. The greens are very vivid and the blues very soft and almost dull in tone. This is essentially a color period, although black and white is always in

and is very beautiful, that following the diagonal lines being most used. Trains of different shapes and lengths are still a part of the conventional dinner gowns. The newest of trains is cut square, although there are also many pointed trains. Dumay has invented an ingenious way of hooking up the train when dancing, so that it seems naturally draped in a cascade effect, as a part of the gown. The old method of having a loop on the end of the train, which must be held on the finger is both ugly and troublesome.

Once upon a time the sleeve ruled the world of fashion; today it is ignored. The sleeveless gown or wrap is spoken of, which means that if a piece of lace or drapery somewhere in the vicinity of the shoulder should resemble a sleeve it is accepted as such, but trouble is not even taken to make the two sleeves of the same gown alike. Often enough one arm boasts of a sleeve, while the other has none.

Scarfs with ends banded with wide printed borders in Bulgarian colors and design give an interesting touch of color to the light or white evening frock. One of a deep golden yellow shows a design in blocked squares, crescents, circles and dots in clear green, red, blue, black and white. A black scarf shows a similar design

# ANNOUNCEMENT

We have bought the bankrupt stock of the Ada Trading Company at  
bankrupt prices and beginning Saturday April 5th, we are going  
to offer this \$15,000 stock of clean, merchantable goods to the public  
at prices in keeping with the price we paid, which is greatly  
below the wholesale value of the goods.

We are not going to enumerate a few articles at catchy prices to  
induce you to come in, but are going to invite you to come in and  
let us prove to you that every article in the house—groceries, dry  
goods, shoes, hats, clothing and notions—will be sold at prices far  
below their value.

We expect to continue the business at the old stand indefinitely and  
our future standing with our patrons will depend largely upon  
the sincerity and good faith with which we carry out our promises  
in this opening sale, which will continue one week from April  
5th, so we again invite you to visit our store during this week of  
bargain offering and we are sure we will convince you, by prices  
that we mean every word we say, and thereby will hope to merit  
a continuation of your patronage. Very Respectfully,

## ERWIN-BRYANT

The rapidly thinning ranks of the  
bachelors of Ada suffered another loss  
by desertion Saturday evening when  
Rit Erwin, long considered one of the  
most hopeless of the lot, was married  
to Mrs. Effie Bryant. The wedding  
took place at the home of Morris Hol-  
ley and wife, West Main street, Justice  
H. J. Brown officiating.

The bride lived here some years ago,  
moving away later and returning to  
Ada some months ago. She is well  
known to a large circle of friends  
whose best wishes go with her.

The fortunate groom has lived in this  
section for many years, and the es-  
teem in which he is held by the citizen-  
ship of Pontotoc county has been evi-  
denced on two occasions by the flatter-  
ing vote he received as county treas-  
urer. He has always been one of the  
most trustworthy and industrious young  
men of this section and is to be con-  
gratulated on his latest success.

### For Burns, Bruises and sores

The quickest and surest cure for  
burns, bruises, boils, sores, inflam-  
mation and all skin disease is Bucklen's  
Arnica Salve. In four days it cured  
L. H. Haffin, of Iredell, Tex., of a sore  
on his ankle which pained him so he  
could hardly walk. Should be in every  
house. Only 25c. Recommended by G.

## ANTI SOCIALIST EDITOR

CHARGED WITH LIBEL

Oklahoma City, April 5.—  
(Special)—Charging that A. A.  
Veatch, of Tishomingo, Oklaho-  
ma, democratic representative in  
the Oklahoma legislature now in  
session, and publisher of the Re-  
monstrator, had criminally libel-  
ed his father, children of the late  
James A. Wayland, late editor of  
the Appeal to Reason, a socialist  
paper, and who committed sui-  
cide a short time ago, swore out  
a warrant in superior court here  
today for the arrest of Veatch.  
They also filed civil libel suit for  
\$10,000 damages against Veatch.  
The plaintiffs are John G. Way-  
land, Walter H. Wayland, Julia  
B. Wayland, Edith H. Wayland  
and Mrs. Olive B. Soudry, all  
children of James A. Wayland.  
They allege in their petition  
and in their criminal informa-  
tion against Veatch that he pub-  
lished in the Remonstrator, a  
statement that James A. Wayland  
committed suicide because he  
was involved with a young wo-  
man whom he sent from Girard,  
Kansas, to Aurora, Missouri,  
where a criminal operation was  
performed. The petition and in-  
formation alleges that the pub-  
lished article stated that the  
young woman died from the op-  
eration and the body was ship-  
ped to North Dakota to prevent  
discovery.

The News has been up against it to-  
day. The office had a contract to set  
up a socialist book, but the linotype  
being a good old Democratic machine  
balked on the job and the machinist has  
been at work all day trying to put it in  
running order again. Meantime the  
force from the editor down has been  
getting up what it could by hand, nec-  
essarily leaving out considerable that  
should have appeared.

## Why CALUMET BAKING POWDER Is Better

It is not alone the wonderful raising qualities, or the certainty of results, or the purity, or the uniformity, or the economy, that is rapidly making Calumet the most popular Baking Powder. It is the perfect combination of all of these things.

You need only to use Calumet once to make you a constant user. Ask your grocer today—test it in your next baking. Insist on Calumet.

**RECEIVED HIGHEST AWARDS**  
World's Pure Food Exposition, Chicago, Ill., Paris Exposition, France, March, 1912.

You don't save money when you buy cheap or big-can baking powder. Don't be misled. Buy Calumet. It's more economical—more wholesome—gives best results. Calumet is far superior to sour milk and soda.

## NEW CONGRESS MEETS AND ORGANIZES

Washington, D. C., April 7.—The extraordinary session of the Sixty-third Congress called by President Wilson primarily for the purpose of revising the tariff so that it will be in accordance with the views of the Democratic administration and with the majority sentiment of the nation as expressed by the voting at the November election, convened promptly at noon today. The initial proceedings in both houses were confined to preliminary business incident to the organization of a new Congress.

In the Senate the routine program was followed. Vice President Marshall called the Senate to order, and the President's proclamation calling the session was read. A committee was appointed to call upon the President and inform him that the Senate was in session, and another committee was named to similarly advise the House.

Busier scenes were witnessed in the House, where the calling of the roll, the swearing in of the new members, the assignment of seats and other routine business occupied considerable time.

There was a large attendance in the galleries of the House. The members gathered early, chatting and discussing prospective legislation and commenting in the absence of "Uncle Joe" Cannon, "Nick Longworth," "Sam McCall" and others prominently identified with legislation in recent years and who were among those overwhelmed by the November tidal wave.

The personality of the new President also formed a leading subject of discussion. Keen interest was manifested in what he would have to say in his first message. Many of the Democratic leaders, particularly the close personal and political friends of President Wilson and Secretary Bryan, were already familiar with the principal features of the message.

## ELKS WALLOP COALGATE

Coalgate's baseball season opened Sunday with the B. P. O. E. Club of Ada. The game was a victory for the Elks by a score of 7 to 5.

B. P. O. E. won the game by superb fielding, and hitting the ball hard and safe. Tom Davidson's two base hit, with three men on bases gave the Elks a good lead which they held through the entire game. Davidson's work at second was also good. Keyser of course, did the heaving in big league style and his throwing helped a fast double play to be made when Coalgate had three men on bases, when otherwise the story of the game might have been different. The Elks all played good base ball and they believe they now have a line up than can make it interesting for all comers.

Pitchers Chauncey and Hall worked in mid season style. Haney is getting better every day and would not surprise anyone if he reached the "majors" before his season is over.

## WHY? (For The Weekly News.)

Boy, you boy with the eyes of blue  
And the close-cut flaxen hair,  
And the tender heart so loving and true,  
Do you know it is wrong to swear?

Do you know the blessed Father above  
Whose only Son was slain,  
Commands you not to grieve His love  
By taking His name in vain?

Would you grieve a friend who loved  
you so  
As to give His only Son  
To save save you from eternal woe,  
When your earthly life is done?

Would wound again the outstretched hands,  
By driving another nail,  
Or press the thorn-crown's cruel bands  
On the love that can never fail?

Would you pierce again with the ruthless spear  
That dear compassionate breast—  
Where you may lean, safe from all fear,  
And find unending rest.

Would you dare the doom that Justice metes  
To those who thwart His will—  
Rejecting all His proffered sweets,  
Be disobedient still?

Boy, you boy, with the eyes of blue,  
Will you not henceforth forbear—  
'Tis wicked, and 'tis foolish too.  
O, boy, it is wrong to swear!

My papa does it, why may not I  
Be like him I'd like to know—  
Would he lead me wrong—will you tell me why,  
When I know he loves me so.

My papa loves his little boy;  
He tells me so every day,  
He calls me precious names, his "pride," his "joy."  
Would he lead y feet astray?

I know he is good and loving and kind  
To everybody here,  
Would he hurt that Christ you say I mist mind,  
That Friend you hold so dear?

I know my papa would want to be  
With Him in that Home so fair,  
And if it's so very wrong for me,  
Why does my papa swear?

Boy, you boy, with the eyes of blue,  
And the honest, truthful face—  
How hard you make it to answer you,  
Will the papa take my place?

## DONT PULL OUT THE GRAY HAIRS

A Few Applications of a Simple Remedy Will Bring Back The Natural Color

"Pull out one gray hair and a dozen will take its place," is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is old-fashioned "sage tea," which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists. Agents, Gwin & Mays Drug Co., Ada, Okla.—adv.

## SUGGESTS A NEW FEATURE

Move to Reassemble Former Residents of the White House for Inauguration Celebration.

The presence at the capital of Mrs. Frances Folsom Cleveland and Miss Esther Cleveland, widow and daughter of the former president, and of Mrs. Benjamin Harrison, also the widow of a president, has inspired the tea table gossips with the idea that it would be perfectly lovely to have a grand reassembling of the White House families as a distinctive feature of the forthcoming inauguration celebration.

Washington has been going about the past few days wondering if its "history was on straight" and the harking back to former times has brought the names of many former residents of the White House to the tip of the tongue.

Last May, when the women of the national Democracy got up their famous Dolly Madison breakfast, they brought together a score or more descendants of Democratic presidents. Jefferson, Madison, Monroe, Tyler and Cleveland being among the number. With the partisan element eliminated there would be a large and interesting group of men and women to call upon and the presence of these members of White House families would be bound to add much to the inauguration fetes.

Mrs. Cleveland and Mrs. Harrison and Mrs. James A. Garfield, who makes her home in California, form a trio of widows of presidents. Presidents' daughters include besides Miss Taft, Mrs. Nicholas Longworth, Miss Ethel Roosevelt, Mrs. Stanley Brown (formerly Miss Garfield), Mrs. McKee (formerly Miss Nellie Harrison), and Mrs. Frank H. Jones of Chicago (formerly Mrs. Nellie Grant Sartoris).

Sons and daughters of the late President and Mrs. Hayes are still living. Abraham Lincoln's children include Robert Todd Lincoln of Chicago. President Arthur has a married daughter living in New York, and the late President Garfield has several sons. Jesse Grant and his sister-in-law, Mrs. Frederick Dent Grant, widow of President Grant's eldest son, and their children would form a most interesting group. President Tyler's son, John Tyler, and his family are living in Virginia, which state could furnish a goodly list of Jeffersonian descendants.

## ORDER CAUSES A BOYCOTT

Women Clerks of Treasury Department Forbidden to Do Cooking During Lunch Hour.

Since Mr. MacVeagh became secretary of the treasury he has been a great stickler for sanitary conditions in the treasury and other buildings under his department. Inspectors from the public health service made many rounds, followed by recommendations for more healthful offices for the employees, and many of the suggestions were adopted.

One suggestion was that an order be issued forbidding women clerks to do any cooking, even prohibiting brewing tea, boiling coffee or making cocoa. The order was promulgated. There was a near riot, especially among the older women, who for years and years had been bringing their luncheons and using gas jets to boil tea or coffee.

Matters were soon made worse by an order against bringing and eating lunches. This was too much. Secretary MacVeagh had to lift the ban on lunches, but he stuck to the prohibition against cooking in the office rooms. To overcome the objection of the women he established a splendid lunchroom, with coffee and tea making utensils, tables, chairs, and so forth. Now he is wondering at the perversity of women. The lunchroom is absolutely shunned.

## MOVIES FOR CONGRESSMEN

Thousands of Feet of Film Taken of Panama Canal to Be Shown.

The omnipresent "movies," the joy of the poor man, are about to invade the house of representatives.

The audience will be made up of members of the committee on appropriations and other congressmen. The "movy" hall will be the committee room of that body in the capital.

When the committee made its recent inspection trip of the Panama canal it took along a moving picture machine and operator as well as a photographer from the geological survey.

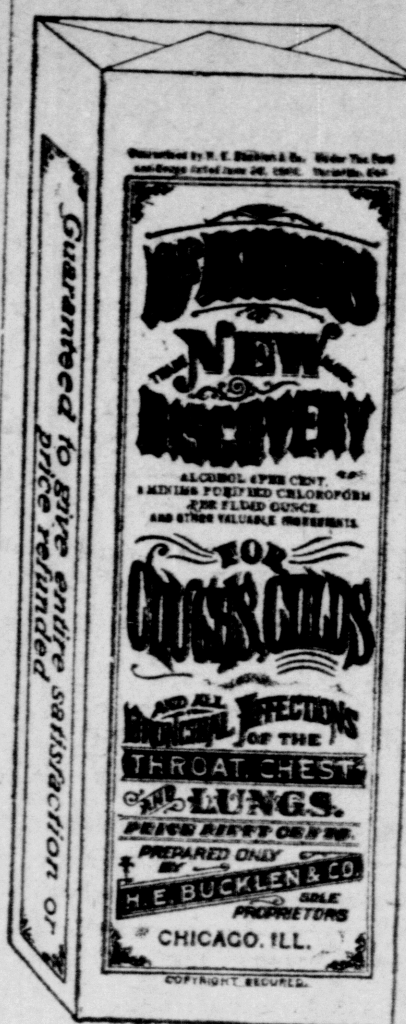

Thousands of feet of film were taken and have since been developed. They depict the big construction work and are calculated to illustrate graphically to the invited guests, who couldn't go on the "junket," the necessity for appropriations. Fortification plans will also be shown on the screen.

## Would Buy Pullman Mansion.

Negotiations are now being made by the Russian ambassador for the purchase of the Sixteenth street mansion of Mrs. George Pullman, of Chicago, for a permanent embassy in Washington. The Pullman mansion has never been occupied and is one of the notable new residences below Scott Circle in the heart of the aristocratic section of Washington's older homes.

Russia and France are now the only nations maintaining embassies in rented quarters. At present the Russian embassy is located in Farragut Square.

## VETERANS ELECT DELEGATES TO REUNION

At their regular monthly meeting Sunday afternoon, the Confederate Veterans elected J. C. Cates and W. L. Rodde as delegates and S. H. Hargis and W. U. Walker as alternates to the Chattanooga reunion. Miss Sue Chisler was elected sponsor and Misses Mabel Goodwin and Jennie Roddie maids of honor.

It was decided to hold the annual memorial services the first Sunday in May and W. L. Byrd, W. H. Fisher and J. C. Cates were appointed as a committee on arrangements.

C. C. Williams has been invited to address the veterans and at the close of the business session he made an appropriate address on the "Grandeur of the South." Mr. Williams is naturally a fluent speaker, and being very much at home with the subject in hand, he won much praise from the old soldiers, and a vote of thanks was proposed and unanimously adopted.

The sons were to have held a meeting directly after the close of the veterans' meeting, but only four were present and nothing was done.

The weather forecast for Tuesday is fair and cooler with high shifting winds.

Mart Walsh, Will Nethery, R. C. Roland and B. A. Mason have returned from a fishing trip to Blue. Mr. Nethery claims that they caught a few fish, the largest of which weighed about two pounds. The others have not specified to extent of their claims.

## Men Welcome Mother's Friend

A Duty that Every Man Ows to Those who Perpetuate the Race.

It is just as important that men should know of progressive methods in advance of motherhood. The suffering, pain and distress incident to child-bearing can be easily avoided by having at hand a bottle of Mother's Friend.

This is a wonderful, penetrating, external application that relieves all tension upon the muscles and enables them to expand without the painful strain upon the ligaments. Thus there is avoided all those nervous spells, the tendency to nausea or morning sickness is counteracted, and a bright, sunny, happy disposition is preserved that reflects wonderfully upon the character and temperament of the little one soon to open its eyes in bewilderment at the joy of his arrival. You can obtain a bottle of "Mother's Friend" at any drug store at \$1.00, and it will be the best dollar's worth you ever obtained. It preserves the mother's health, enables her to make a quick and complete recovery, and thus with herself to the care and attention which mean so much to the welfare of the child. Write to the Bradford Regulator Co., 129 Lamar Bldg., Atlanta, Ga., for their valuable and instructive book of guidance for expectant mothers. Get a bottle of Mother's Friend to-day.
